- Quick description of the expertise

Hagihon Company Ltd. is Jerusalem's area's water and wastewater utility, which supplies water, sewage and drainage services for about 1,000,000 residents of the City of Jerusalem and its surrounding areas.

As part of its vision, and as a large water company, Hagihon also serves as beta-site for testing and developing new water technologies for numerous water-tech startups and always looking to find and adopt new technologies.

We offer relevant companies and researchers the opportunity to take advantage of the company's site and facilities.
