09:15 - 10:15 Plenary session

- EU funding for personalized medicine research by **Tomasz Dyląg**, Scientific Officer, European Commission, DG Research & Innovation, Unit E2 Innovative and Personalized Medicine: H2020 Societal Challenge 1 WP and Innovative Medicines Initiative (IMI)
- Eurostars and Eureka programmes (tbc)
- ICPPerMed et ERA-PerMed by **Malin Eklund**, NCP, Swedish Research Council-Brussels

10:15 - 10:30 Coffee Break

10:30 - 12:15 Pitch deck session

12:15 - 13:15 Lunch break

13:15 - 14:00 Clusters and organizations presentations

Presentation of French, Danish and Swedish clusters and organizations (MEDICEN, Biopeople, SwedenBio, more to come).

14:00 - 17:00 Bilateral Meetings

Meet potential partners to start your consortium:

- Request face to face meetings with the other participants through their profile
- Need more information about H2020 calls?
Send us an email (science@institutfrancais-suede.com) to get the opportunity to exchange with Health NCPs (group discussions):
Kim L. Kryger, Danish Agency for Science and Higher Education ;
Guillaume Fusai, French Ministry of Higher Education, Research and Innovation ; **Malin Eklund**, Swedish Research Council-Brussels

This is a French & Nordic event, but other European countries, notably EU13, are very welcome.
