ECRIN Presentation

Supporting Clinical Trials Across Borders

ECRIN

Overview

- A non-profit organisation with the legal status of European Research Infrastructure Consortium (ERIC)
- **Mission:** support the conduct of multinational clinical trials across Europe
- **Diverse support areas:** trial management, preparation, protocol evaluation, quality assurance, etc.
- **9 Member and Observer Countries:** Czech Republic, France, Germany, Hungary, Italy, Norway, Portugal, Spain, Switzerland (additional countries about to join)

Overview of ECRIN activities

Diverse Activities to Facilitate Multinational Clinical Research

- Support for multinational trial preparation, protocol review and management
- Development of tools
- Quality assurance and data centre certification
- Participation in capacity building projects

Participation in Clinical Research projects

20 clinical trials with EU fundings 2014 - 2017

- **19 clinical trials**  / **1 clinical trial**

- **Main tasks/roles.**

- Provision of coordinated services to support the implementation and the management of multinational clinical trials (i.e coordination of reg. and ethical submissions, monitoring, data management, ...)
- WP leader (WP dedicated to the tasks of the sponsor)
- **Status: Partner** of the consortium

Organisation: Distributed Infrastructure

EuCos, Core Team, National Partners

- **Main Contact point in the country:
European Correspondents (EuCos)**

- For France:

Amelie MICHON amelie.michon@ecrin.org

Luc Wasungu Luc.Wasungu@ecrin.org

- Other information: www.ecrin.org

Participation in Capacity building projects

Laying the Foundation for Improved Multinational Clinical Research

- **ECRIN-IA**

- CORBEL

- RI-Train

- **PedCRIN**

- EPTRI

- TRANSVAC

- RISCAPE

- EOSC Pilot

MiRoR

TESA II

CRIGH

- **Aim:** to establish shared services in biomedical areas, further develop infrastructure, and foster international cooperation in non-commercial trials

Thank you!
