

Horizon 2020 Security

THE MILIPOL PITCHING SESSION

Introduction

Paris Nord, November 22nd 2017

Armand Nachev, CEA, NCP Security - France

Who can participate?

- ▶ Industry - Multinationals to SMEs
- ▶ Research organisations
- ▶ Universities & other HEIs
- ▶ Public bodies, for example
 1. firefighters,
 2. police and intelligence communities,
 3. border guards,
 4. custom authorities,
 5. explosive specialists,
 6. forensic laboratories,
 7. medical emergency teams
 8. other practitioner disciplines
- ▶ Trade Associations
- ▶ International bodies

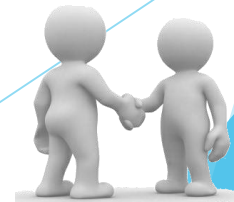

The participation process

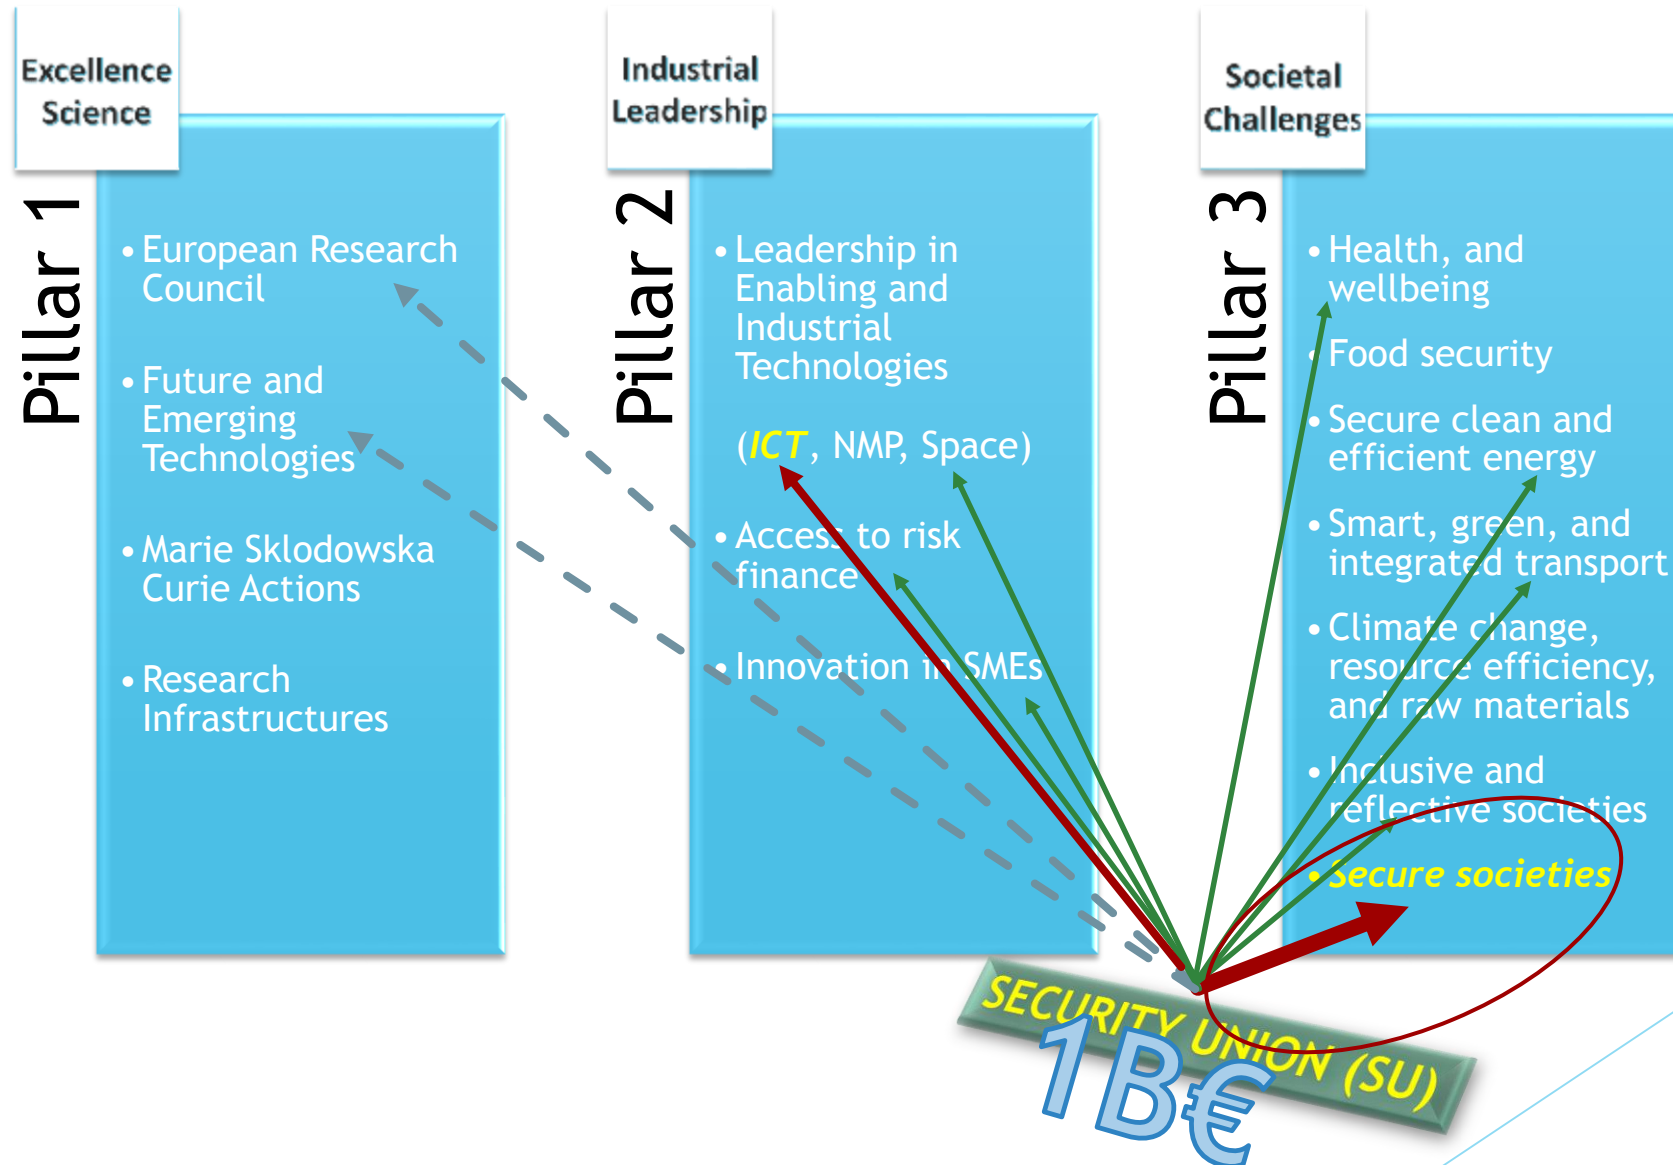

1. The European Commission publishes the work programme
 2. You need to find a relevant topic in this work programme
 3. Then you need to find partner(s) for your project to integrate or to form a consortium in order to co-write the proposal responding to all the requirements of the topic
 - ✓ Sell yourself, provide ideas not just technology
 - ✓ Work hard during the proposal preparation
 - ✓ Understand your role and match it to the budget
 4. The consortium coordinator submits the proposal before deadline
 5. You wait for the evaluation to take place
- ... in case of positive evaluation...
6. You sign the Grant Agreement and start implementing your project

Submit Proposal >>

The “Security Union” focus area in Horizon 2020

Targeted 2018 topics in MILIPOL pitching session

SU-INFRA

Physical and cyber threats to critical infrastructure
INFRA01 (IA)

SU-DRS

Human factors for DRS
DRS01 (RIA)

Technologies for first responders
DRS02 (RIA)

Pre-normative R&Demo for DRS
DRS03 (IA)

SU-FCT

Human factors to FCT
FCT01 (RIA)

Technologies to FCT
FCT02 (RIA)

Information and data stream Mgt
FCT03 (IA)

SU-BES

Human factors for BES
BES01 (RIA)

Technologies for BES
BES02 (RIA)

Demo of applied solutions
BES03 (IA)

SU-GM

Networks of practitioners
GM01 (CSA)

PCP of advanced Systems
GM02 (CSA) (PCP)

PCP of Solutions
GM03 (PCP)
