Advanced Optimization & Data Science Modules for existing Last Mile Digital Platform[®]

Angel Batalla, Founder & CEO **Last Mile TEAM[®]**

SME located in Spain – Pan-Europe Operation

abatalla@lastmile.team - www.lastmile.team

Call: Mobility for growth

1- Low-carbon and sustainable transport

Last Mile Digital Platform[®]

Optimize transport - Engage customers

- Optimization includes functionality for direct and reverse logistics, pick-up/drop-off points and any combination of these.
- Customer engagement uses mobile-first digital tools and techniques to connect sellers, customers, field staff and anyone else involved in the last mile.

We operate a Hybrid IP model

We are looking for partners with expertise and interest to integrate their works in our Platform, in the following areas:

Optimization Algorithms
& Computing

Last Mile TEAM[®] Web API

Last Mile TEAM[®] Back - end
