

# General information

**Organisation name: Wedge Factor**

**Email: [hello@wedgefactor.com](mailto:hello@wedgefactor.com)**

Targeted topic

[SU-INFRA02-2019](#)

*Security for smart and safe cities,  
including for public spaces*

IA

## Competencies

- *Organisation competencies :*
  - *Critical incident response indoors in PPP (unforeseen combination of private and public stakeholders' means and processes),*
  - *Agile design/assembly + assessment of a packaged solution in a highly demanding and qualified "Living Lab" experimental environment.*
- *Organisation experience in the European project :*  
*First timer ... but working on planning and execution extensively with French LEAs for a year.*
- *The skills you can bring :*
  - *Industrialized + affordable + actionable "digital clone" environment for research/simulation/supervision.*
  - *Arrangements for, planning and organizing of Field Experiments,*
  - *Vision, drive, leadership and coordination to ensure achievements of set goals.*

## Project idea

- *Describe your project idea :*
  - *In the wake of the terror attacks in Europe, create a “**platform environment**” where security practitioners, academics, security/real estate providers and asset landlords and operators collaborate to address the management of critical incidents in a “Co-Production” fashion.*
  - *Focusing on handling critical incidents indoors, materialize this platform in disruptive **smart building** prototypes ... and experiment and measure their added value, and potential to become a new standard.*
- *List of the complementary skills you need for your consortium :*  
*Our very down to earth and controlled scheme is able to accommodate all willing to take advantage of our mesmerizing **operational environment** to implement : VR, AI, Deep Learning, IoT, Cloud Computing, Distributed Ledgers, Robotics, Cognitive and Behavioral Science, Theories of Communication and Economic Performance, CCTV, Biometrics, EOD, CBRN, Cyber Security, ...*
