For the definition of SMEs, look at: http://ec.europa.eu/growth/smes/business-friendly-environment/sme-definition_en

Short introduction of key areas of institute's research:

Cap Digital is the French business cluster for digital transformation & ecological transition, the first digital innovation ecosystem and the largest cluster in Europe. Created in 2006 as a non-profit organisation, Cap Digital has been awarded as a Gold-labelled cluster by ESCA since 2014 and counts more than 1000 members: 850+ start-up and innovative SMEs, 70+ major corporations, 80+ institutions of higher education and 14 capital investors. It focuses on 6 markets: e-education & HR / eHealth & well-being / Media, entertainment, cultural and creative industries / Sustainable city / Retail & services / Technologies, data, AI.

Cap Digital provides its members with intelligence (through market & technology watch and forecast, publications, studies), training, helping with recruitment, matchmaking/networking, funding solutions, project reviews, business development and internationalization services.

The cluster has been involved in 30 European projects since 2006 and is currently running 7 of them. It is also a member of powerful European networks such as the NEM initiative (European Technology platform dedicated to digital content), EBN (European Business Network) and two KICs: EIT Digital and EIT Health.
