2018-2020 changes by MSCA action

**ITN**

1. Cover costs for short secondments (up to 6 months) of researchers in ITN with the Research, Training and Networking costs
   - Should cover at least travel and accommodation costs.
2. Revised rule on international mobility in European Industrial Doctorates (EIDs)
   - Inter-sectoral mobility between beneficiaries must be international.
   - Mobility to partner organisations is aligned with standard European Training Network (ETN) rules: limited to 30%; can be international or not.
3. European Joint Doctorates (EJDs): Researchers must take their joint degree always within Europe or with a European beneficiary

**IF**

1. IF Career Restart Panel (CAR) and Reintegration Panel (RI) are strengthened
   - Maximum duration of CAR prolonged to 36 months.
   - More budget for both panels.

**RISE**

1. Less strict eligibility criteria for secondments
   - Staff members to be linked to the sending institution one month before the first period of secondment.
   - More flexibility and more secondments.

**COFUND**

1. Indicate the minimum gross salary in vacancy announcements to ensure transparency.
Widening Fellowships

Context

The results from the first years of Horizon 2020 implementation reveal the existence of a Research & Innovation gap across Europe and discrepancies between European countries in their ability to attract excellent researchers. Widening countries tend to apply less, coordinate fewer projects and have a higher share of rejected proposals. However, all Widening countries have many proposals above quality threshold and a majority of widening countries have excellent (very high-scoring) proposals not funded due to lack of budget.

What?

Specific support to researchers to undertake their fellowship in a Widening country. This will help spread excellence and widen participation within Horizon 2020.

How will it be implemented?

Through the Spreading Excellence and Widening Participation part of the Horizon 2020 Work Programme in line with the high-quality standards and benefits of the MSCA Individual Fellowships.

Who can benefit from the widening fellowship?

Researchers applying for an MSCA European Fellowship in Widening countries, be it a Standard, Society & Enterprise, Career Restart or Reintegration Fellowship. Proposals above quality threshold but not retained for funding through the MSCA Individual Fellowship call with a host institution in a Widening country will be automatically reassigned to the Widening Fellowships call (unless the applicants explicitly opted-out).

Which countries are concerned?

**Member States:** Bulgaria, Croatia, Cyprus, Czech Republic, Estonia, Hungary, Latvia, Lithuania, Luxembourg, Malta, Poland, Portugal, Romania, Slovakia and Slovenia.
**Associated Countries:** Albania, Armenia, Bosnia and Herzegovina, Faroe Islands, Former Yugoslav Republic of Macedonia, Georgia, Moldova, Montenegro, Serbia, Turkey and Ukraine.
