

3DXP - 3D printing service

- . Sébastien Schoumacker, PhD
- . StartUp founded in 2016 - private CRO
- . Located at the Grenoble University / Molecular Chemistry Department
- . Skills : on the overall workflow of 3D printing (thermoplastics, gels, resins)
- . Emails : sebastien.schoumacker@3dpx.fr / contact@3dpx.fr
- . Website : www.3dpx.fr
- . Tweeter : [@_3dpx_](https://twitter.com/_3dpx_)

3DXP - Competence offer

Expert on the overall 3D printing work flow

. 3D printing process

=> Materials : more than 200 references (e.g. PA, PP, PVDF, POM, PLLA, PCL)

=> Devices fabrication from prototyping to small scale production

. Softwares & Hardware

=> 3D modeling / 3D files control, modification and repair / slicing

=> Development of customized printers

Interested in

. Materials development & Devices fabrication
