# Smart and Sustainable Cities

## Focus Area: Overview

European  
Commission

	Instrument	Recommended EU-Fund/project MEur	Total Budget (MEur)	
			2016	2017
<b>Smart Cities and Communities</b>				
SCC1 Smart Cities and Communities Lighthouse Projects	IA	12-18	60.5	71.5
<b>Sustainable Cities through Nature-Based Solutions</b>				
SCC2 Demonstrating innovative nature-based solutions in cities	IA		40	40
SCC3 New Governance, business financing models and economic impact assessment tools	RIA	7.5	15	
SCC 4 Sustainable urbanisation	ERA-NET Cofund	5	5	

# Why Smart Cities and Communities?

- 72% of EU population lives in urban area consuming 70% of our Final energy consumption
- Improving quality of live, competitiveness and sustainability
- Exporting European knowledge in a strong growth market estimated globally at €1.3 trillion in 2020

**SCC1 Topic in call 2016 & 2017**

# SCC1 - Specific Challenge

- **Sustainable, cost-effective and replicable** district-scale solutions at the intersection of energy, transport enabled by ICT
- **Intelligent, user-driven and demand-oriented** city infrastructure and services
- **'Lighthouse project'** approach continued

European  
Commission

# Scope: projects should cover

A city can be funded as a lighthouse city only once under Horizon2020!

Links with Sustainable and Integrated Urban Development Strategies in ESIF\*\*

- Large districts of buildings
- Smart management of electricity, heat, cold, gas, storage or other grids
- Low carbon ICT systems
- Electromobility \*

\* Directive 2014/94 on the deployment of alternative fuels infrastructure

\*\* A minimum of 5 % of the ERDF resources allocated to each Member State shall be invested in the implementation of integrated strategies for sustainable urban development.

# Scope: projects should

- Address concrete urban challenges identified by urban authorities
- Industry, public authorities, research communities, SMEs, citizens, municipality
- Performance monitoring during at least 2 years (during project's life)
- Convincing replication and investment plans
- Resources to deliver a replication plan for the follower cities
- Clear roles for all cities and partners
- Open data and interoperability
- Well-balanced geographical coverage of lead and follower cities
- Contribute to long term data collection

# Scope: each project must

- Be realised in **3 new lighthouse** cities that are situated in different EU Member states or associated countries.
- Involve **at least 3 follower cities** from at least 3 different EU Member states or associated countries (that are different also from the countries of the lighthouse cities of the project).

## Each Lighthouse city must

- Have a Sustainable Energy Actions Plans approved by the Covenant of Mayors initiative

# Scope: non-eligible costs

- Costs of construction (including scale of unit costs),
- Costs of retrofitting (including scale of unit costs),
- Cost of purchasing electric vehicles,
- Costs of acquisition of standard ICT tools, conventional RES and their mounting
- Insulation of the building envelope, good windows; heat pumps, and other appliances

European

# Scope: eligible Costs

## Innovative aspects such as:

- Integration of storage with all grids
- Smart building management
- Smart integration of the electricity grid with RES & storage
- Smart integration of RES
- Integrated approaches and testing of "business" models for the local production and distribution of electricity together with electric vehicle fleets
- Smart electricity, heat or cold storage and its management for maximising self-consumption
- ICT platforms based on open specifications
- Economic research and development of new business models that avoid lock-in situations
- Training and education within and between cities

European  
Commission

# Impact (! \*1.5)

- Increase Energy Efficiency at district scale
- Increase share of renewables and their integration
- Increase local air quality
- Reduce technical and financial risks
- Security, stability, affordability
- Roll-out of electric vehicles
- Reduce emissions from transport
- Create links and cooperation between cities

Evaluation criteria are: Excellence, Impact, Quality and efficiency of the implementation

European  
Commission

# Lighthouse projects in Call 2014

## GROWSMARTER

L: Stockholm, Cologne, Barcelona

F: Valetta, Suceava, Porto, Cork, Graz

## REMOURBAN

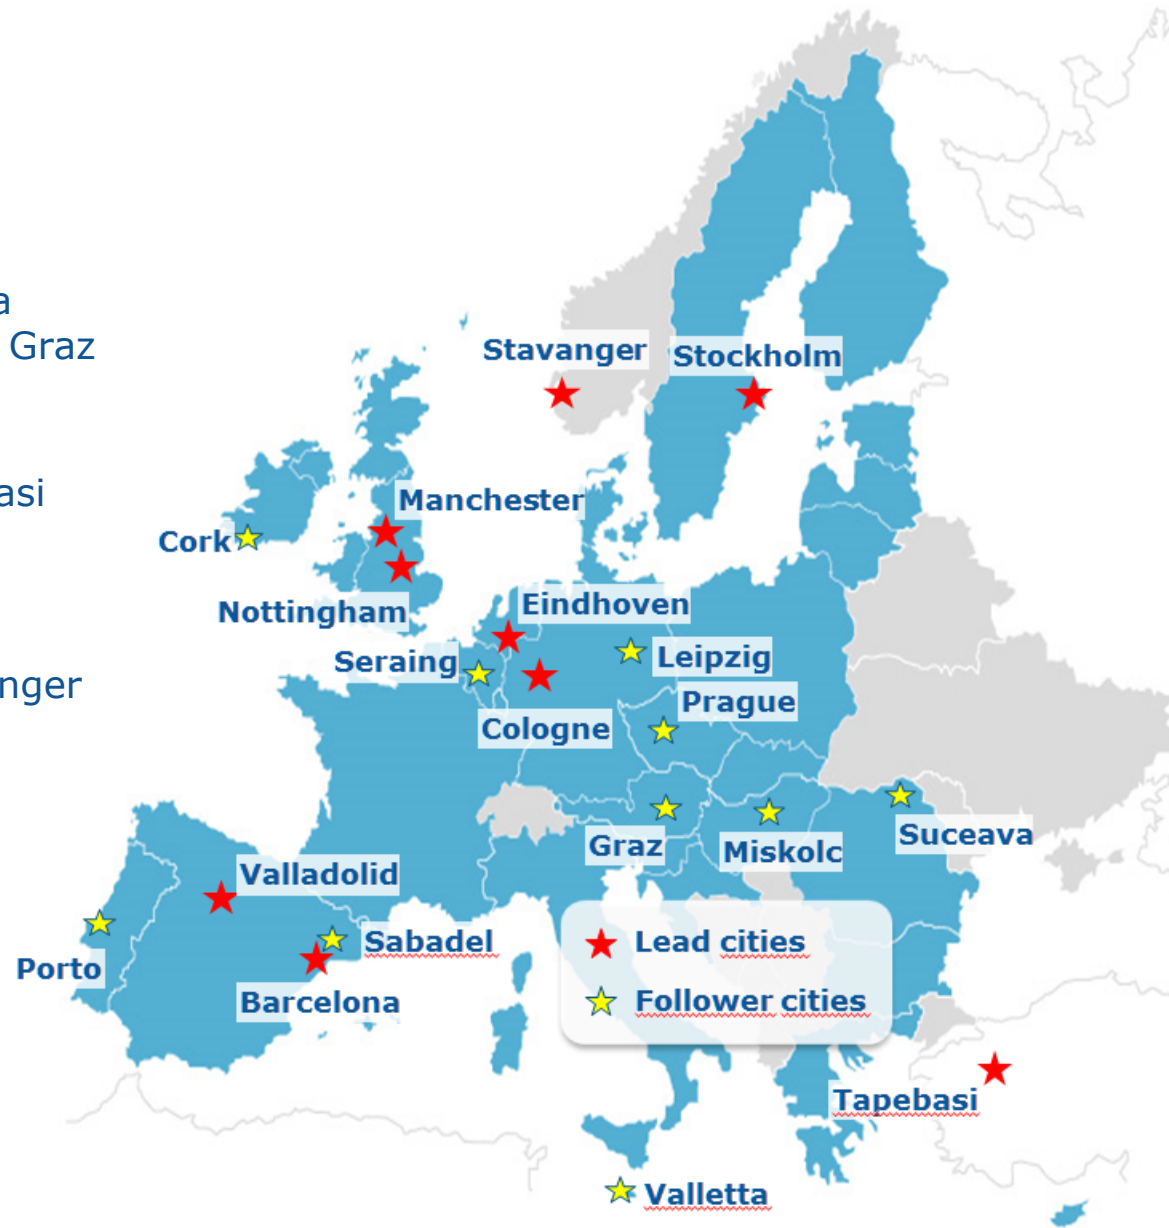

L: Valladolid, Nottingham, Tapebasi

F: Seraing, Miskolc

## TRIANGULUM

L: Manchester, Eindhoven, Stavanger

F: Prague, Leipzig, Sabadell

- **42 proposals** (37 eligible) – twice as much as 2014
- **Over 1000 entities** represented in the proposal consortia (average 29/proposal)
- **96 proposed Lighthouse cities** in 25 countries (20 Member States and 5 Associated States)
- **113 proposed follower cities** in 33 countries, (24 Member States, 4 Associated States and 5 Third Countries)

# Smart Cities and Communities Context

## Stakeholders

- Cities & Regions
- Industry
- Research
- Associations
- etc. ...

## EU Initiatives

- CIVITAS
- Green Digital Charter
- **CONCERTO**

## Lighthouse Projects

Implementation & replication with EU funding

ENSCC ERA-NET Co-Fund  
9.1 MEur EU funding

Smart Cities & Communities

## Covenant of Mayors

Political commitments without EU funding

## SCC-EIP Market Place

Commitments Implementation without EU funding

# Other Actions

## **50. Support to the European Innovation Partnership on Smart Cities and Communities and its Market Place**

Public Procurement - 1 direct service contract / 4th quarter 2016 - 3.00 MEur

## **51. Smart Cities and Communities information system**

Public Procurement - 1 direct service contract- 1st quarter 2017 - 2.5 MEur

## **52. Support Services for the Covenant of Mayors**

Public Procurement - 1 direct service contract - 4th quarter 2016 - 4.0 MEur
