Area of interest	Choose Y or N
DS-07-2017 - RIA: Addressing Advanced Cyber Security Threats and Threat Actors A) Situational Awareness	N
DS-07-2017 - IA: Addressing Advanced Cyber Security Threats and Threat Actors B) Simulation Environments, Training	N
DS-08-2017 - IA - Privacy, Data Protection, Digital Identities - Privacy-enhancing Technologies (PET)	Y
DS-08-2017 - IA - Privacy, Data Protection, Digital Identities - General Data Protection Regulation in practice	Y
DS-08-2017 - IA - Privacy, Data Protection, Digital Identities - Secure digital identities	Y

Competencies

- *Competencies*
 - **Security Architecture,**
 - **Operating Systems, Hypervisors,**
 - **Formal Methods,**
 - **Certification**
- *Experience in the European project*
 - **Leader of EPPS (Eurotars)**
 - **Participation to Sendate (Ecsel)**
 - **Participation to ODSI (Ecsel)**
- *The skills you can bring*
 - **Security by design**
 - **Extensive knowledge of state-of-the-art security technologies applied to vertical markets (automotive, transport, avionics, industry, energy smartgrids; mobile security)**
 - **How to secure connected systems to resist to hackers**
