

H2020 - Partner proposal

Date (18-06-2018)

- **Relevant topics in work programme**

- LC-SC3-EE-16-2019-2020 - **Supporting public authorities to implement the Energy Union**
- LC-SC3-CC-1-2019-2020 - **Social Sciences and Humanities (SSH) aspects of the Clean-Energy Transition**
- LC-SC3-EC-2-2018-2019-2020 - **Mitigating household energy poverty**

- **Quick description of project content expectations**

CNRS PASSAGES Unit Research 5319 is interested in participating in projects as a partner.

- **Description of the expertise proposed (up to 1000 characters)**

Energy Union and Energy Transition

- **Member of the E2S project « Energy and Environment solutions »** (<https://e2s-uppa.eu/en/index.html>)
- **Appropriation and operationalization of the ecological, economic and social transition** (ADEME project) in urban and peri-urban areas involving decision-makers and citizens
- Concerted construction of **public actions** in the area of **energy, environmental and ecological transition** (in association with the Pau Droit Public Research Center)
- **Transboundary sustainable tourism in the Pyrenees** (european INTERREG Inturpyr project) with a more recent approach on the practices, uses and representations of water and aquatic environments, in a context of climate change
- Participation in the Cit'In research program on **democratic experiments** for ecological transition

Energy Poverty

- PASSAGES is working with **NOBATEK INEF4** on Energy poverty issues
- Identification of **local strategies for detection, observation and evaluation of Energy poverty** (inter-municipalities, social housing providers, etc.) and local remediation programs
- Adaptation of **Energy poverty indicators** to specific information systems (eg HLM (public subsidized housing), OPS-RPLS surveys, lexical register analysis)
- **Sensitive approach** to Energy poverty
- Locating **networks of local actors** active in **Energy poverty issues**

- **Keywords describing the expertise requested (up to 10 words)**

Ecological and energy transition, governance analysis, social acceptability, perception and practices, Energy poverty, Sustainable tourism

Organisation information

Organisation and country:
CNRS – PASSAGES Unit Research 5319 - France

Type of organisation:
 Enterprise SME Academic Research institute Public Body Other: Association

<p>Former participation in FP European projects? Yes No X</p>
<p>Web address: http://www.passages.cnrs.fr/</p>
<p>Description of the organisation: CNRS PASSAGES is a pluridisciplinary Social Sciences Research Center located in Bordeaux and Pau, France, gathering geographers, sociologists, political scientists, psychologists, anthropologists, economists, urban planners, landscapers and architects with a total number of 115 researchers, 97 PhD students and 19 administrative staff support.</p> <p>The scientific project of the Research Center focuses on the reconfigurations of spatialities and on global changes, studied through 3 different focals: transition, mediation and representations.</p> <p>The main fields of expertise of the researchers are as follows:</p> <ul style="list-style-type: none"> - Territories and territorialities - Environment - Processes of normalization of reality - The body, the bodies, and the subject <p>The Research Center is active in a wide range of national and international projects among which INTERREG, ANR BMBF and TGIR Huma Num projects.</p>
