- Last market intelligence updated databases.
- Direct contacts with airlines all over the world.
- Content marketing and promotion.

**AIR CONSULTING AT ITS BEST.**

At GPA we have in depth expertise in air transport, with a much broader approach than route development alone. We can provide you with information on socioeconomic conditioners to air transport, market trends, bilateral agreements, airline focus intelligence, ... and we can teach you and the companies around the airport how you should be approaching airport activities and airport development to achieve top success results.

- Broad and in depth knowledge of the aviation sector.
- Comprehensive approach to air transport.
- Experience in aligning the interests of different institutions.
- Activities that the market demands.

**Some our customers:**

## GET READY FOR ANY EVENTUALITY.

### TRAINING

We offer a breath of courses in Family Assistance, Go Team and Local Operations and other Emergency Response issues.

### DRILLS AND LIVE EXERCISES

A simulated situation is the best way to learn about the unexpected and test your procedures. GPA unique methodology will show you how to add value to these exercises.

### CRISIS COMMUNICATION

A spokesperson and a crisis media response team are key to manage an essentially digital and online strategy.

### CONSULTANCY

In "Peace times" is time to plan and improve your Emergency Response Plan or procedures. We can audit procedures and show you the best practices in the industry and lessons learnt from other situations.

**GPA is part of the Aviem International Global Emergency Response team, the best worldwide emergency response supplier. Thus, can offer a robust Emergency Call Center and deploy on site family assistance services in case of accidents/incidents.**
