

A Cybersecurity Competence Network with leading research, technology, industrial and public competence

Objectives and Goals

CONSORTIUM

- 55 (46 + 9 from June 2019) Partners
- 19 countries (16 EU member states, 3 Horizon 2020 associated countries)
- 28 partners from Academia
- 27 partners from Industry and Organisations

16 Millions EC funding for 4 years

7 Millions additional funding from national authorities and industry

Objectives (1)

- O1: Position the CONCORDIA ecosystem, a Cybersecurity Competence Network with leading research, technology, industrial and public competences to build the European Secure, Resilient and Trusted Ecosystem, with the CODE research center as coordinator and hub, and ENISA as secretary.
- O2: Using an open, agile and adaptive governance model and processes
- O3: Devise a cybersecurity roadmap to identify powerful research paradigms, to do hands-on experimental validation, prototype and solution development in an agile way to quickly identify successful but also unsuccessful potential product development
- O4: Develop next-generation cybersecurity solutions by taking a holistic end-to-end data-driven approach
- O5: Scale up existing research and innovation with CONCORDIA's virtual lab and services

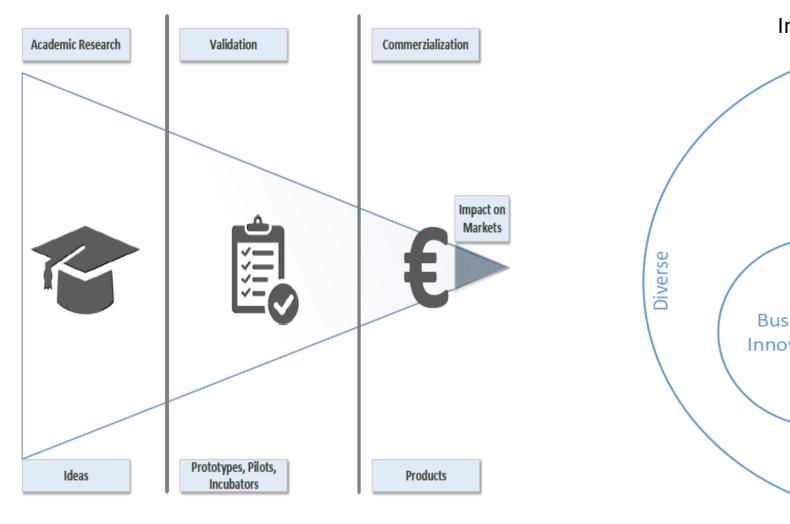

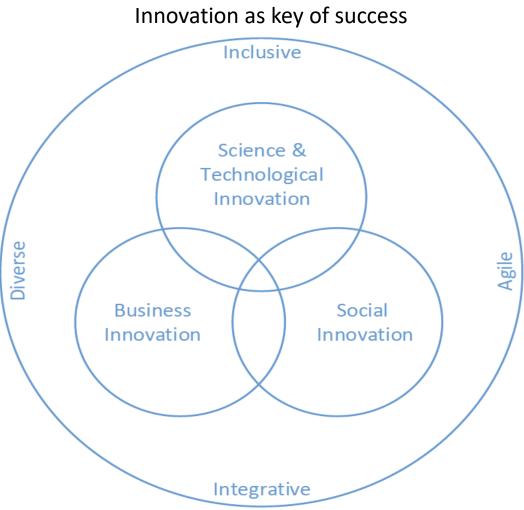

Objectives (2)

- O6: Identify marketable solutions and grow pioneering techniques towards fully developing their transformative potential
- O7: Develop sector-specific (vertical) and cross-sector (horizontal) industrial pilots with building incubators
- O8: Launch Open Calls to allow entrepreneurs and individuals to stress their solutions with the development
- O9: Set up an Advisory Board
- O10: Mediate between multiple communities
- O11: Establish an European Education Ecosystem for Cybersecurity
- O12: Provide expertise to European policy makers and industry

Strengthening the competitiveness and growth

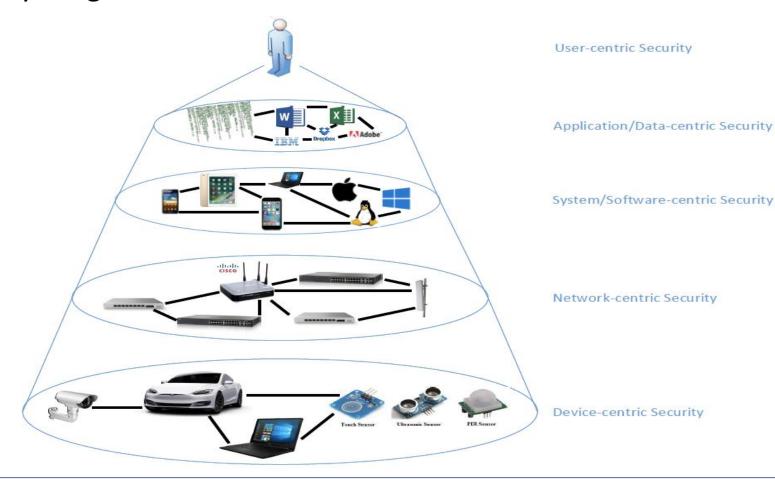

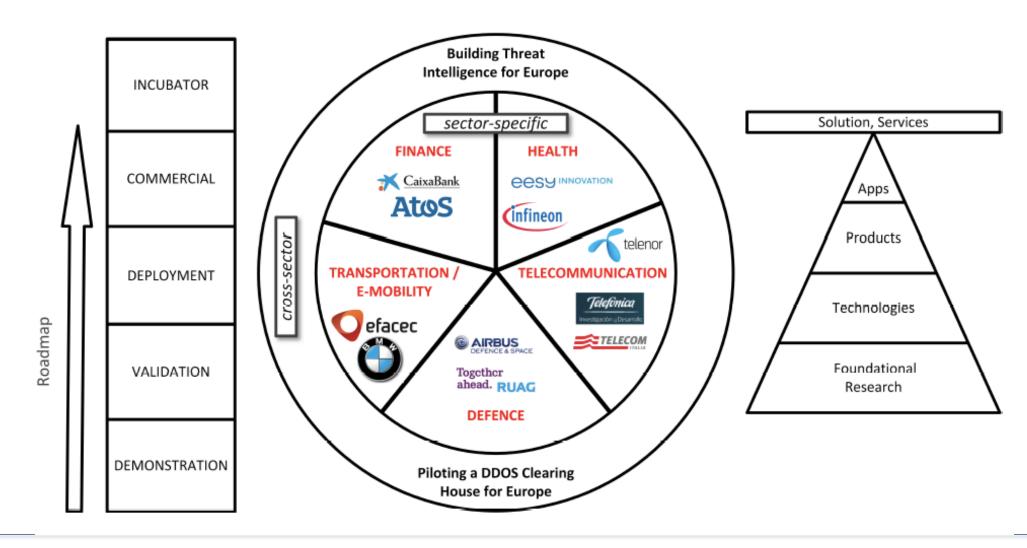

Data-driven adaptive Approach to Cybersecurity

Complex, dynamic, fast growing, highly connected "Internet of Everything" from IoT to Cloud

Pilots (1)

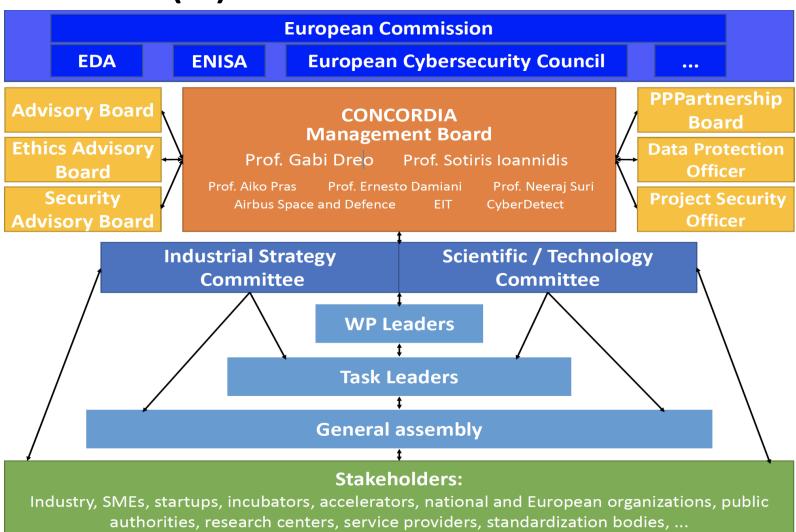

Pilots (2)

- Telecommunication: Threat Intelligence for the Telco Sector
- Finance: Assessing Cyber Risks, Threat Intelligence for the Finance Sector
- Security of the E-charging infrastructure
- eHealth: Privacy and Data Protection of Medical Data
- Defence: Security of Unmanned Aerial Systems (UAS)

Cross-Domain: Threat Intelligence, DDoS Clearing House

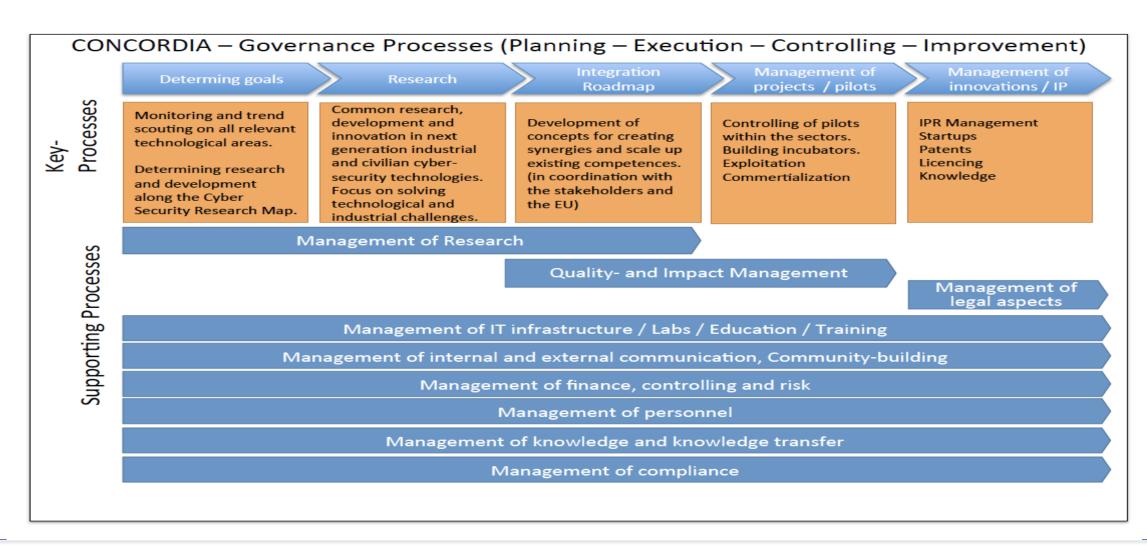

Governance (1)

Governance (2)
