Competencies

- *Organisation competencies:*

  With its Open Innovation focus, the Systematic Paris-Region innovation and technology cluster brings together and promotes an ecosystem of excellence with over 800 members.

  Systematic connects various stakeholders from software, digital and industry, and boosts digital projects through collaborative innovation, SME development, networking and business sourcing, across a range of strategic sectors: energy, telecoms, healthcare, transport, information systems, factory of the future, digital city, and security.

  Systematic Paris-Region promotes its members, region and innovation projects, with the aim of raising their profile and enhancing the attractiveness of the Paris Region and its ecosystem.

- *Organisation experience in the European project:*
  - Coordinator of a FP7 CSA project on cybersecurity BE WISER (http://be-wiser.eu/)
  - Partner in several WP H2020 projects IA and CSA and former WP FP7
  - - Partner in an Interreg NWE project

- *The skills you can bring:*
  - Outreach of relevant innovative SMEs from our network (480 ICT innovative SMEs)
  - Organisation of thematic workshops, international events and hackathons
  - Dissemination through products portfolio, white paper and videos
  - Support to SMEs in order to apply to business, idea and investors challenges/competitions
  - Identification of relevant Experts for Advisory boards
