Ideal-ist Proposal Check Event for ICT related calls in Horizon2020 (2015)

24th March 2015, Warsaw

Ideal-ist is offering an event for assuring and improving the quality of project proposals on **24th March 2015 in Warsaw**. The aim of this **Proposal Check Event for ICT related calls in H2020 in 2015** is to increase the chances for funding and to transfer useful knowledge to the proposers. Projects which reinforce the cooperation across the enlarged European Union and strengthen the integration of the European research area in ICT are of special interest.

Procedure

Interested proposers present their almost **finished proposals** for ICT related calls (see the list below) and receive qualified feedback by experienced evaluators immediately during the session. Hereby, a dedicated counselling session consists of the evaluators reading the proposal, the proposers shortly presenting their project and an ensuing feedback round. To ensure confidentiality, all participating experts will have signed respective declarations.

There will be the possibility for receiving additional consulting by experienced NCP staff.

Selection of participants

Applications will be fed into a quality assurance process. Therein, proposers will be contacted three weeks before the event to assess the degree of completion of their proposals. Short-listed candidates will be invited based on the available places.

Who can attend?

The event will support proposals for ICT related calls under H2020 in 2015, especially those of addressing the cooperation across the enlarged European Union. Admission is possible for the **coordinator** (i.e. one person, mandatory) **plus one** representative from a project partner institution (i.e. one optional person). In exceptional cases, the coordinator may name a proxy to attend.

The evaluators on-site do not check a correct assignment to the call. Therefore it is strongly recommended that the proposers have an abstract of their proposal checked by the corresponding NCP.

The entire offer is free of charge.

For further questions, please contact your NCP or send an e-mail to the address below:

aleksandra.ihnadowicz@kpk.gov.pl

Date:

Wed, 24/03/2015 - 09:00 - 17:00

Location

Warsaw, Poland

(Exact location will be provided soon)

Application

<http://www.kpk.gov.pl/?event=ideal-ist-proposal-check-event-for-ict-related-calls-in-horizon2020-2015>

(Online registration will be open on 18.02.2015)

Applications will be submitted via the online registration platform by the coordinators, also denoting the second participant.

List of relevant topics:

EINFRA 5-2015 – Centres of Excellence for computing applications

EINFRA 8-2015 - Research and Education Networking – GÉANT

EINFRA 9-2015 – e-Infrastructures for virtual research environments (VRE)

INFRASUPP-4-2015 – New professions and skills for e-infrastructures

INFRAIA 1-2014/2015: Integrating and opening existing national and regional research infrastructures of pan-European interest

ICT 4 – 2015: Customised and low power computing

ICT 8 – 2015: Boosting public sector productivity and innovation through cloud computing services

ICT 10 – 2015: Collective Awareness Platforms for Sustainability and Social Innovation

ICT 12 – 2015: More experimentation for the Future Internet

ICT 16 – 2015: Big data - research

ICT 19 – 2015: Technologies for creative industries, social media and convergence

ICT 20 – 2015: Technologies for better human learning and teaching

ICT 24 – 2015: Robotics

ICT 25 – 2015: Generic micro- and nano-electronic technologies

ICT 27 – 2015: Photonics KET

ICT 28 – 2015: Cross-cutting ICT KETs

ICT 30 – 2015: Internet of Things and Platforms for Connected Smart Objects

ICT 34 – 2015: Support for access to finance

ICT 36 – 2015: Pre-commercial procurement open to all areas of public interest requiring new ICT solutions

ICT 37 - 2014-15: Open Disruptive Innovation Scheme (implemented through the SME instrument)

ICT 38 – 2015: International partnership building and support to dialogues with high income countries

ICT 39 – 2015: International partnership building in low and middle income countries

EUB 1 – 2015: Cloud Computing, including security aspects

EUB 2 – 2015: High Performance Computing (HPC)

EUB 3 – 2015: Experimental Platforms

FoF 8 – 2015: ICT-enabled modelling, simulation, analytics and forecasting technologies

FoF 9 – 2015: ICT Innovation for Manufacturing SMEs (I4MS)

PHC 21 – 2015: Advancing active and healthy ageing with ICT: Early risk detection and intervention

PHC 25 – 2015: Advanced ICT systems and services for Integrated Care

PHC 27 – 2015: Self-management of health and disease and patient empowerment supported by ICT

PHC 28 – 2015: Self-management of health and disease and decision support systems based on predictive computer modelling used by the patient him or herself

PHC 29 – 2015: Public procurement of innovative eHealth services

PHC 30 – 2015: Digital representation of health data to improve disease diagnosis and treatment

EE 11 – 2015: New ICT-based solutions for energy efficiency.

LCE 7 – 2015: Distribution grid and retail market, where the scope takes into account the contribution of ICT infrastructure to smart grids and smart metering.

SCC 1 – 2014/2015: Smart Cities and Communities solutions integrating energy, transport, ICT sectors through lighthouse (large scale demonstration - first of the kind) projects

SCC 3 – 2015: Development of system standards for smart cities and communities solutions

MG.3.6-2015 Safe and connected automation in road transport

MG.6.3-2015 Common communication and navigation platforms for pan-European logistics applications

GV.8-2015 Electric vehicles' enhanced performance and integration into the transport system and the grid

WASTE-4-2014/2015: Towards near-zero waste at European and global level

WATER-1-2014/2015: Bridging the gap: from innovative water solutions to market replication

WATER-4-2014/2015: Harnessing EU water research and innovation results for industry, agriculture, policy makers and citizens

REFLECTIVE 6 – 2015: Innovation ecosystems of digital cultural assets

EURO-6-2015: Meeting new societal needs by using emerging technologies in the public sector

INSO-1–2014, 2015: ICT-enabled open government

DS 3 – 2015: The role of ICT in Critical Infrastructure Protection

DS 4 – 2015: Secure Information Sharing

DS 5 – 2015: Trust eServices
