Strategic orientation 5. Building the knowledge base for SwafS
☐ SwafS-19-2018-2019-2020: Taking stock and re-examining the role of science communication
☐ SwafS-31-2020: Bottom-up approach to build SwafS knowledge base

1) PROJECT INFORMATION
Field of expertise related to the topic: big data management, processes creation, project management, IoT, AI, etc. upProject is Connecting and integrating systems through process digitalisation and communication between teams.
Potential contribution to the project: Customizable and genuine software support that integrates different tools for data management. Wide experience in project management in different fields. Strong marketing department for Communications and Dissemination WP.

Role in the project:

☐	Research	☒	Dissemination	☐	Other
☐	Training	☒	Technology Development		

Project idea: Software/App creation to gather information in real time with triggers and shooters, creating processes and interrelations.

Project description: We want to develop an App/Software that helps to register data in order to further use that information to tackle different issues as gender violence or education.

Already experience as a Coordinator: ☐ yes ☒ no

As a Partner: ☐ yes ☒ no

If "yes", which project:

Other partners in consortium already identified (with countries):

2) TARGET COORDINATOR / PARTNER SOUGHT

Organisation details:

☒	Higher education / university	☒	Industry / SME
☒	Research institution	☒	Other
☒	NGO		Please specify: Associations
☒	Education		

We are looking for following Expertise / Competencies: We supply the technical part of the project and other work packages assigned as required as communications, we need assistance with the rest WP and ethics WP.

3) CONTACT DETAILS

Contact Person:

Name: Marlen Villena Martinez

☒ Ms ☐ Mr

Organisation: upProject

Address: Avda. Mariano Rojas 52, Expomurcia building, 8th floor

Postal code: 30009

City: Murcia

Country: Spain

Phone: +34 968 90 30 20

Email: marlen.villena@upicus.com

Organisation web address: https://www.upicus.com/in/

Short profile of the Organisation: Created in 2005, upProject is a project management specialized company. It has managed more than 80 projects in different stages, trespassing values above 800 million euros.

UpProject approaches problems from a global perspective thanks to more of 13 years managing great significance projects, applying many methodologies such: Project management, lean management; agile and SCRUM. This has allowed translating that experience and Know-How to the technology area.

As a result, upProject has developed Upicus, its own management software that unifies in one single tool all systems related to customer relationship, staff, processes and performance. Additionally, it collects and manages automatically millions of data generated by companies.

Currently, UpProject, along with its software Upicus, is part of several activities in the field of e-health, project management, IoT and Big Data.

Date: 05/02/2020

The offer is valid until: forever.
