1) PROJECT INFORMATION

Field of expertise related to the topic:

Since mid-2019 the French research institute for sustainable development (IRD) has set up a project team with the main objective to develop a gender equality plan (GEP) following the national framework for public research institutions and the French international strategy for gender equality. The project team has skills in training engineering and liaises with other members of IRD involved in the gender field (researchers, human resources department, managers...). Links and exchanges of knowledge are also underway with other teams in charge of GEPs in other French and European research organisations and universities.

Potential contribution to the project: IRD can contribute significantly to actions on the preparation of a GEP and sharing knowledge on measures promoting professional equality (career promotion, awareness raising, leadership, evaluation and monitoring, work/life balance, mobility...); and research on gender, more particularly gender and sustainable development issues.

Role in the project:

- Research Dissemination Other
 Training Technology Development
