1) PROJECT INFORMATION

Field of expertise related to the topic:

- To meet the needs, frameworks and studies, of the economic and social environment.
- Develop human resources: teachers, researchers and technical staff.
- Enrich and animate academic life through cultural and sports activities.
- Ensure academic activities,
- Developing R & D: Valorisation, Innovation, Technology Transfer ...,
- Improve the governance of its institutions,
- Towards the entrepreneurial university,
- Promote professional partnership and interaction with the national and international environment,
- To develop, strengthen and extend a culture and climate of internationalization for H.E.
- Promote exchange and recognition and expand the sphere of cooperation

- Develop joint projects and carry out international activities,

Potential contribution to the project: Exploit the results of the Tempus project "development of University-business partnerships in the field of Life Sciences and Technologies in Tunisia" and particularly test pilot of the University of Sfax for the requalification of unemployed doctors

Role in the project:

Research Dissemination Other
 Training Technology Development

Project idea: Improve the PhD program with the help of socio-economic actors to facilitate the employability of future PhDs

Project description: The project responds to the socio-economic needs of Tunisia, including the employability of PhD graduates and the restructuring of PhD program in academic institutions. PhD graduates of the life sciences and other discipline suffer from a high rate of unemployment. Therefore, the implementation of a method of effective communication with companies and the modernization of PhD program by integrating new courses in the partner institutions in the project will contribute to better employability of PhD graduates.

Already experience as a Coordinator: yes no
